## School overview

Bargara State School is dedicated to preparing our students for their future. Our motto of 'Educating Today's Youth for Tomorrow's World' is focussing us towards this important goal.

We have successfully adopted the Australian Curriculum and teachers implement a sequence of lessons to deliver the required elements. This has directly engaged the students with the new content and we have challenged them with the highest of expectations. We take opportunities to participate in programs such as instrumental music (Brass / Woodwind and Strings), dance performances / competitions. We are also a Reef Guardian and Sun Smart School.

As a school, our constant expectation is that we continue to improve our school with the sole intent of providing the best education for our students. We take a proactive approach to the NAPLAN diagnostic testing and use the information to support our students' immediate future learning.

The positive results from 2008 - 2019 have been no surprise to our school and reinforced the focussed actions which we continue to improve upon. The clear trend demonstrated over the past 11 years is that whilst our students may commence the National Testing Programs behind the National Averages in some areas, the hard work of the students, staff and parents will show that our students improve faster than the average Australian student. This now long standing trend, applies to all students regardless of their academic abilities.

This level of success was highlighted in 2016 with our school being flagged in the **'Top 3% of Australian Schools for substantially above average gain'** in the areas of Reading and Numeracy. This level of improvement is something our school and community is very proud of.

Our school utilises 'School Wide Positive Behaviour Support' and this has seen continual improvement in the levels of student behaviour. We expect students to display a high level of behaviour– 'OK' behaviour is not good enough for Bargara State School.

We have strong school support programs for those students who demonstrate high levels of academic ability as well as for those who find school work challenging. We have well established support strategies for all students including key staff like our Guidance Officer and School Chaplain.

In 2019 our Year 6 students participated in a social skills program called the 'Amazing Shake.' The program focussed on supporting our students to develop a range of social skills that will be a benefit to them through their lives. The program culminated in a challenging 'knockout' competition where all students had the chance to be our 'Amazing Shake Champion.'

**STATEMENT OF PURPOSE.** Our purpose is to support students to: actively demonstrate sound moral values; have a purposeful and positive attitude to learning; be confident, creative and innovative; be a proactive participant in the school community; and be an active listener and effective communicator with others.

The school culture will: support students to be the best that they can be; nurture an environment based on strong values; work as a positive member of the school community; challenge students to become strong, confident learners; and support students to seek and develop their leadership potential.

We aim to achieve this by: developing a skilled and professional staff supported by quality resources; incorporating current technologies throughout the school; providing a curriculum which reflects our learners' needs; challenging and assisting individuals to achieve their full potential; developing the leadership skills of the individual, and nurturing a supportive school community working together as a team. We are EDUCATING TODAY'S YOUTH FOR TOMORROW'S WORLD.

## Characteristics of the student body

### Student enrolments

Table 1: Student enrolments at this school

Enrolment category	2017	2018	2019
Total	423	448	429
Girls	204	211	201
Boys	219	237	228
Indigenous	30	42	41
Enrolment continuity (Feb. – Nov.)	91%	92%	92%

Notes:

1. Student counts are based on the Census (August) enrolment collection.
2. Indigenous refers to Aboriginal and Torres Strait Islander people of Australia.
3. [pre-Prep](#) is a kindergarten program for Aboriginal and Torres Strait Islander children, living in 35 Aboriginal and Torres Strait Islander communities, in the year before school.

In 2019, there were no students enrolled in a pre-Prep program.

### Average class sizes

Table 2: Average class size information for each phase of schooling

Phase of schooling	2017	2018	2019
Prep – Year 3	22	22	22
Year 4 – Year 6	26	26	26
Year 7 – Year 10			
Year 11 – Year 12			

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

## Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

## Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

## How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

## Social climate

### Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

## Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

## Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

## School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Type of school disciplinary absence	2017	2018	2019
Short suspensions – 1 to 10 days	7	9	2
Long suspensions – 11 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

## Environmental footprint

### Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	277,777	76,830	112,111
Water (kL)	611		

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool\* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

\*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

## School funding

### School income broken down by funding source

School income, reported by financial year accounting cycle using standardized national methodologies and broken down by funding source is available via the [My School](#) website.

#### How to access our income details

1. Click on the *My School* link <http://www.myschool.edu.au/>.
2. Enter the school name or suburb of the school you wish to search.

The screenshot shows a search interface with a text input field labeled 'Search by school name or suburb'. To the right are three dropdown menus labeled 'School sector', 'School type', and 'State', followed by a magnifying glass search icon.

3. Click on 'View School Profile' of the appropriate school to access the school's profile.

4. Click on 'Finances' and select the appropriate year to view the school financial information.

Note:

If you are unable to access the internet, please contact the school for a hard copy of the school's financial information.

## Our staff profile

### Workforce composition

#### Staff composition, including Indigenous staff

\*\* *Indigenous* refers to Aboriginal and Torres Strait Islander people of Australia.

#### Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

For more information, please refer to the following links

### Professional development

#### Teacher participation in professional development

Queensland state schools undertake 5 staff professional development days (25 hours) throughout the year:

- 2 days at the end of the summer holidays (fixed)
- 2 days during the Easter holidays (flexible)
- 1 day in the third last week of Term 3 (fixed) on the student free day.
